OBJECTIVE

I have gained a lot of experience in E-learning through my studies and training in some companies, working on interactive content creation, activity design, gamification, and storyboarding. I am looking forward to developing myself in this field and am eager to learn more about it.

EDUCATION

Faculty of Specific Education, Ain Shams University.
Department: Education technology, Education technology specialist.
Grade: Excellent with Honor Degree.
Graduation Year: 2021
Graduation project: Create a **learning management system.**
